

Non- Profit Organization Application for Farmers' Market Space

The Ohio Valley Farmers' Market (OVFM) is happy to support local non-profit organizations. We will offer a space free of charge on a weekly basis at each of our markets to one organization. (Saturday in Bellaire and Tuesday at the Ohio Valley Mall) An application must be submitted in advance and approved by the Board of Directors of the OVFM. The Board reserves the right to refuse any applicant whose product or purpose is not deemed appropriate for the farmers' market. The space may be requested two times per season (at each location) as long as there are no other applicants waiting to participate. The organization is responsible for providing its own table and tent if one is desired. (The market may have extras so please check with the manager for availability.)

Organizations may distribute information and sell products. No raffle tickets valued at more than \$1 per chance may be sold. No bake sales will be permitted. These restrictions are necessary in order to limit the impact on the regular, paying vendors of the OVFM.

Please complete the bottom portion of this form. You may return it to the market manager or mail to:

Ohio Valley Farmers' Market
